

Practices and methods of organic fruit growing

Author(s): Растителна защита
Date: 27.11.2019 *Issue:* 11/2019

On 28 November 2019 in the city of Plovdiv a joint information meeting - seminar of the NAAS (Territorial District Office - Plovdiv) and the Agricultural University – Plovdiv will be held on the topic “Practices and Methods of Organic Fruit Growing”.

The following topics will be addressed at the meeting by Yordan Yordanov from the “Agroecology” Department at the Agricultural University – Plovdiv:

- General requirements and rules pursuant to Ordinance No. 5/2018 on the implementation of the rules of organic production, labelling and control
- Rules for the production of organic crop products

- Rules for conversion to organic production and other specific rules for production
- Control, certification and measures in cases of non-compliance and infringements
- Opportunities for support to farmers under the measures of the RDP 2014 - 2020

Venue: city of Plovdiv, 122 “Maritsa” Blvd., Water Palace building, floor 1, hall of the Territorial District Office - Plovdiv

Participation in the information meeting is free of charge and does not require prior registration. For additional questions, you may contact: Territorial District Office - Plovdiv of NAAS, tel.: 0889 609 199 - Angel Tarpov
