

Hazelnut production in Bulgaria – status, problems, development opportunities

Author(s): Растителна защита
Date: 04.12.2019 *Issue:* 12/2019

On 4 December 2019, a joint information meeting – seminar of the NAAS (Territorial Regional Office – Kardzhali) and the Experimental Station for Agriculture in the Eastern Rhodopes (ESAEER) Kardzhali and STS (Territorial Organization – Kardzhali) will be held in the town of Kardzhali

At the information meeting the following topics will be addressed by Chief Assistant Professor Dr. Elitsa Atanasova, ESAEER – Kardzhali:

- State of hazelnut production in Bulgaria

- Variety composition and technologies for establishing hazelnut orchards
- Technological solutions for control of diseases and pests in hazelnut
- Opportunities for marketing of hazelnut production
- Opportunities for support to farmers under the measures of the RDP 2014 - 2020

Venue: town of Kardzhali, 35 „Bulair” Street, room 210 - Territorial Organization – Kardzhali of STS

Participation in the information meeting is free of charge and does not require prior registration!
