

# By the end of January, farmers must prove the realization of the produced output

*Author(s):* Растителна защита  
*Date:* 03.01.2020 *Issue:* 1/2020

In the period from 2 to 31 January 2020, farmers who have applied under Campaign 2019 for the schemes for coupled support for fruit and vegetables and for vegetables – greenhouse production must submit a declaration using the approved template and provide documents proving minimum yields and the marketing of the produced output.

The approved template of the electronic inventory of the documents proving the marketing of the produced output is available for download and completion on the website of **SFA "Agriculture"**. At the same place the **Instructions for completion** are also published. The file allows for the creation of an inventory of up to 100 rows. If necessary, farmers may request a larger file allowing for the creation of more rows from the regional

structures of the Fund. When completing the attached file, rows must not be merged, worksheets must not be added, and in no way may the format of the specified table be altered.

The completed inventory using the template shall be submitted by 31 January 2020 in electronic and paper form, accompanied by copies of the listed documents. They shall be submitted to the regional directorates of the State Fund Agriculture according to the permanent address of the applicant – natural person, and the registered office address of the applicant – legal entity or sole trader.

Applicants under the schemes for coupled support for fruit and vegetables who have not submitted a declaration and an inventory using the template approved by the Executive Director of the State Fund "Agriculture" for the output produced in the year of application, as well as documents proving its marketing within the period under Article 32 of Ordinance No 3 of 17.02.2015, shall not be eligible for support.
