

Шкумбата invites you to the first international online seminar – Amalgerol Essence 2020

Author(s): Растителна защита
Date: 04.06.2020 Issue: 6/2020

The team of **AMALGEROL ESSENCE** is organizing the first international online seminar on 9 June at 10:00 a.m., focused on the biostimulant and its effect on cultivated plants.

You can expect many interesting video materials, photographs and advice on the use of **AMALGEROL ESSENCE** in various agricultural crops in different situations. The event programme covers the following main topics:

1. Results from conducted trials at the Institute of Plant Genetic Resources in the town of Sadovo in the crops **wheat, sunflower** and **maize** after the application of the biostimulant **AMALGEROL ESSENCE**.
2. **AMALGEROL ESSENCE** revives **sunflower** after the use of an incorrect herbicide.

3. **AMALGEROL ESSENCE** enhances the effect of herbicides when treating **maize**.
4. Treatment of **lavender** with **AMALGEROL ESSENCE** and the amazing results in seedlings and non-established plants.
5. **AMALGEROL ESSENCE** deals with **soil** compaction and improves its structure. Trial in two vineyards – treated and untreated.
6. How **AMALGEROL ESSENCE** revived a vineyard of the wine variety Merlot in the region of Pomorie, which had been treated with glyphosate instead of foliar fertilizer?
7. Time for questions and answers.

Follow the link on the *YouTube* platform and be part of the seminar, which will be broadcast live from winery “DiVes Estate” on **09 June 2020 (Tuesday) at 10:00 a.m.:**

<https://youtu.be/4yI7XjBC3UA>

Enjoy the comfort of your home or office and learn why **AMALGEROL ESSENCE** is a product of the future, and at the end we will have a laugh with the unforgettable jokes of Shkumbata. The video invitation from Shkumbata is at the following link:

We look forward to seeing you!
