**The subscription to the journal "Plant Protection" continues at the editorial office throughout the entire year!**

If you wish to achieve a high health status of your crops, if you are interested in innovations in the field of the agrochemical and seed industry also in 2021, you cannot miss the expert and scientific information provided by the journal "Plant Protection" to its readership – agronomists and agricultural producers.

The only way to keep up with what is happening in this key segment of agribusiness is a subscription to the journal "Plant Protection", which you can take out at the editorial office throughout the entire year, at any time!

The procedure is easy. Send a postal money order in the amount of 60 BGN to the address: 1618 Sofia, "Ivan Yonchev" Str. No. 3, for Emil Ivanov Ignatov. Regardless of when you have sent the postal money order, you will receive the issues you have missed. On the postal money order, write clearly and accurately your full address (settlement, postal code, full name), to which you wish to receive the journal.

## **Our offer**

For 35 BGN, sent by postal money order to the editorial office at the specified address and recipient, you can receive all issues of "Plant Protection" printed in 2020.

*The journal "Plant Protection" is distributed by subscription only!*
