Вибранс® Дуо syngenta.

HIGH-QUALITY SEEDS **DESERVE TO BE PROTECTED** WITH THE BEST SEED TREATMENT PRODUCTS!

VIBRANCE DUO is the most preferred seed treatment product with an **SDHI** molecule for 2021, providing comprehensive protection for cereal crops

WITH VIBRANCE DUO you ensure for yourself:

- Protection against all economically important seed- and soil-borne pathogens
- With an **SDHI** molecule /a.i. *Sedaxane*/ for long-lasting disease protection
- **Vigor effect** – stimulates the formation of a more powerful root system

- The product formulation is based on **FORMULA M** technology – for better adhesion of the product to the seed surface

Take advantage of the promotional terms only this season!

For every liter of **VIBRANCE DUO** purchased, you will receive back BGN 2.20 directly into your account!
