The Maize Research Institute – Kneža will host a seminar on the topic “Technology – Ahead of Its Time” organized jointly with the company “Medi+R”, which will take place on **13 February 2024 at 10:00 a.m.** in the conference hall of the Institute. The purpose of the event is to present the new hybrids of MRI-Kneža available for the spring campaign.

The results of the joint cooperation between the Institute and the company “Medi+R” will also be presented.

The attendees will be shown the new products and services offered by the company to improve the quality and yield of maize.
