Date: 12.11.2024 Issue: 11/2024

The specialized exhibition "Danube Fruit Growers" 2024 is one of the most significant events for the agricultural sector in Northeastern Bulgaria, which this year will again take place on 16 November in the "Arena Ruse" hall in Ruse.

The "Danube Fruit Growers" Association, the main organizer of the event, celebrates the 10th anniversary of its establishment and marks this occasion with a rich variety of high-quality products from Bulgarian producers, an interesting accompanying programme for professional visitors, farmers, traders, culinary experts, restaurateurs and admirers of high-quality Bulgarian food.

Four thematic zones have been prepared for quick access to innovations, raw materials and new contacts to stimulate business and enrich your table:

- an exhibition platform with leading exhibiting companies;
- a B2B area for contacts with businesses and traders from all over Bulgaria and potential commercial partners for the European market;
- seminars and discussions with leading speakers on useful topics;
- a farmers' market with fresh, pure and tasty food.

Visitors will also find a separate section where fertilizers and plant protection products, planting material, specialized machinery and garden equipment, drip irrigation systems, packaging manufacturers, service and maintenance companies, banks, insurers, and agricultural consultancy services will be exhibited.

The full range of products and services for the sector will be gathered in one place!

The exhibition is organized with the support of the Ministry of Agriculture and Food and the State Fund "Agriculture".
