

# Care in winter – fewer problems during vegetation and a basis for a rich harvest

Author(s): Суммит Агро

Date: 13.01.2026 Issue: 1/2026

Care during winter = fewer problems during the growing season and a basis for a rich harvest!

Provide the necessary care for your orchards with the products of Summit Agro – copper-containing fungicides from the KODIMUR range and the paraffin oil ESTYUOIL.

KODIMUR contains COPPER OXYCHLORIDE – LONG-LASTING PROTECTION!

The copper-containing fungicides from the KODIMUR range and the paraffin oil ESTYUOIL are included in the list for state support under the winter spraying scheme!

For more information, please contact the sales representatives of Summit Agro!
