The State Fund Agriculture has announced the overall ranking of projects for 2016 under the measure Restructuring and Conversion of Vineyards from the National Support Programme for the Wine Sector.

The State Fund Agriculture has announced the ranking for financial year 2016 under the measure Restructuring and Conversion of Vineyards from the National Support Programme for the Wine Sector. Exactly 44 projects have been approved, with total funding for the eligible applications amounting to BGN 19,983,846, against a budget of BGN 20,352,792 announced for 2016.

Upon completion of the checks and financial assessments, in accordance with Ordinance No 2 of the Ministry of Agriculture and Food of 4 April 2014 on the conditions and procedures for granting financial aid under the National Support Programme for the Wine Sector for the period 2014–2018, the ranking of applications for 2017 and 2018 will also be published.

The National Support Programme for the Wine Sector was created with the aim of enhancing the competitiveness of Bulgarian vine-growers and will be applied as a financial instrument in Bulgaria until 2018. The measure is financed by the European Agricultural Guarantee Fund.
