

Electronic application manuals

Author(s): Растителна защита

Date: 11.04.2016 Issue: 4/2016

The Ministry of Agriculture and Food has published electronic guidelines for applying under Measures 10 (“Agri-environment-climate”), 11 (“Organic farming”), 12 (“Natura 2000 and Water Framework Directive payments”) and 13 (“Payments to areas facing natural or other specific constraints”) under the RDP 2014–2020

The electronic guidelines for applying under the four main measures of the RDP 2014–2020 were published on 8 April (Friday) on the website of the Ministry of Agriculture and Food. The measures for which there are online application instructions are as follows: Measure 10 (“Agri-environment-climate”), Measure 11 (“Organic farming”), Measure 12 (“Natura 2000 and Water Framework Directive payments”) and Measure 13 (“Payments to areas facing natural or other specific constraints”).

The purpose of the electronic guidelines is to facilitate applications under the measures by individual farmers. The precise and specific conditions for support, funding, the procedure for

submitting applications and all necessary documents are organised in one place and are accessible to beneficiaries from across the country. For additional questions and clarifications, you may contact the Ministry of Agriculture and Food.

The full electronic guidelines can be downloaded from the MAF website at www.mzh.government.bg in the “News” section.
