The festival „From Our Farm – With Love for You!“ is held every Wednesday from 10:30 a.m. to 6:30 p.m. in front of the building of the Ministry of Agriculture, Food and Forestry (55 „Hristo Botev“ Blvd.). Today (5 September 2017) the festival is dedicated to the fragrant aroma of raspberries.

Producers from around the country will demonstrate various recipes and culinary temptations with the fragrant fruit. The assortment also includes fresh blueberries. The organizers will be expecting you at the tasting tent at the market between 12:00 and 2:00 p.m. and once again between 5:00 and 6:00 p.m.

At this edition of the festival there will once again be a rich variety of authentic farm and artisanal foods, presented personally by their producers – small family farms from across the country.

All farmers and producers are registered under Ordinance No. 26 of the Ministry of Agriculture, Food and Forestry. The production of many of them was supported by the project „For the Balkan and the People“, implemented with the financial support of the Bulgarian-Swiss Cooperation Programme.
