

# Make a Christmas gift with the magazine "Plant Protection & Seeds and Fertilizers"

Author(s): Растителна заштита  
Date: 19.12.2017 Issue: 12/2017

*If you still have not come up with an idea how to delight your loved ones, make them an unforgettable Christmas gift – the magazine „Plant Protection & Seeds and Fertilizers” 2017.*

*Give something different and surprise your friends, relatives and colleagues with a smile.*

The editorial team of the magazine „Plant Protection & Seeds and Fertilizers” offers an opportunity for an unconventional Christmas gift.

## Why give the magazine „Plant Protection & Seeds and Fertilizers”?

Because you are giving various scientific stories from the world of plants, plant protection and crop production.

Because conducting and covering agricultural science can be an interesting and useful activity.

Because information printed on paper always carries a personal message to its readers.
