Date: 29.05.2018 *Issue:* 5/2018

On 30 May in the town of Montana a joint information meeting-seminar will be held by the NAAS (Territorial District Office Montana) and BFSA (Regional Food Safety Directorate - Montana) on the topic: “Integrated Pest Management and Phytosanitary Standards in Crop Production”.

At the seminar, Izabela Georgieva – Head of the „Plant Protection“ Department at RFSD - Montana will acquaint farmers with integrated pest management, and Bilyan Petkov – Expert in the „Plant Protection“ Department at RFSD - Montana will present the phytosanitary standards in crop production – implementation and control. Experts from the TDO of NAAS in the town of Montana will present the opportunities for support to farmers under the measures of the Rural Development Programme (RDP) 2014-2020.

PROGRAMME

The seminar will be held in the town of Montana, 74 "Treti Mart" Blvd., 6th floor, hall of the Regional Directorate of the State Fund "Agriculture" - Montana.
