The editorial team of the magazine “Plant Protection” informs its readers that, for reasons unknown to the editorial team, “Bulgarian Posts” PLC has not included in its Catalogue a subscription to the magazine “Plant Protection” for 2019 for the period from 1 to 15 January, as has been the practice every year at this time.

This omission, resulting from bureaucratic oversight, for which we will definitely seek an explanation, may be disregarded and overcome if you subscribe directly through the editorial office by 31 January 2019, since the first issue of the magazine will be printed in February 2019.

Please proceed as follows:

Send a postal money order for 60 leva to the address: 1618 Sofia, 3 "Ivan Yonchev" Str., to Emil Ivanov Ignatov, writing clearly and accurately the address at which you wish to receive the magazine. This amount (60 leva) will provide you with a subscription to the magazine for the whole of 2019.

The subscription through the editorial office has two additional options:

- If you send a postal money order for 30 leva to the specified address, you will be subscribed for half a year.
- If you send 85 leva, you will receive the magazine throughout the entire year and, in addition, you will receive the List of Plant Protection Products Authorised for Use in 2019.

Dear readers, if you also miss this deadline (31 January), you may subscribe through the editorial office by sending 60, 30 or 85 leva at any time during the year. In that case, you will also receive all issues missed up to that moment!

And one more option!

At any time during the year you can also subscribe through our partner – the distribution company DOBI PRESS, by phone: 0887 396 382.
