Complete protection for your seeds with Summit Agro products!

Difend Extra – a broad-spectrum, double-systemic fungicide for cereal seed treatment, containing difenoconazole and fludioxonil. Two active substances that complement each other and provide complete protection against all economically important diseases transmitted through the seeds and the soil.

Difend FS – well-known to all farmers and proven over the years seed disinfectant, containing pure difenoconazole, for the control of seed-borne diseases in cereal crops.
