On 27 October 2017, a joint information meeting-seminar of NAAS (Territorial Regional Office – Stara Zagora) and the “Information and Nature Conservation” Foundation will be held in the town of Stara Zagora on the topic: “Current issues related to the cultivation of essential oil and medicinal crops (EOMC).”

At the meeting, Dr. Stanko Stanev – expert in medicinal and aromatic plants at the “Information and Nature Conservation” Foundation – will present to farmers the current issues related to the cultivation of essential oil and medicinal crops (EOMC).

Experts from the Territorial Regional Office of NAAS – Stara Zagora will explain to the attendees the support opportunities under the measures of the Rural Development Programme RDP 2014–2020.

Seminar programme

The event will take place in the town of Stara Zagora, 108 Tsar Simeon Veliki Blvd., 10th floor, in the hall of the TRO – Stara Zagora
