*Euralis is a CREATOR. We create seeds. We create trust. Let's create the future of agriculture together!*

As of September 15, 2015, the Euralis Semences brand will present itself on the global agricultural market with a new visual identity that will increase brand recognition and position the brand among the leaders in cereal and oilseed crops both in Europe and in Bulgaria.

ISSN 2815-522X

The message of the French company is directed towards farmers who are seeking modern paths for the production and sale of high-quality products. The focus on the client and the growing need for new markets necessitate the graphic association of the Euralis brand with a specific image, which will not only distinguish the company in a highly competitive environment but will also add an elegant touch to its mission to be part of the future of agriculture!
